GENERAL CIRCULAR 418 – JULY 19, 2001

TO ALL MEMBERS OF THE BUREAU:

The WCRB has added a "Members" area to our current web site (www.wcrb.org). The purpose of this application is to ultimately provide our member companies with access to data that is proprietary in nature to their organization, and will be protected, so only authorized users will have access. In addition, we will have available Workers Compensation industry information and underwriting tools we believe will be beneficial to their business.

While the information available in this area is currently limited, our plans are to expand this application over the next several months. If there are any questions or feedback after reviewing this new area, or on any other information available on our web site, please feel free to contact our Webmaster directly.
