CIRCULAR LETTER 3011– SEPTEMBER 14, 2007

PROCEEDINGS OF THE WISCONSIN RATING COMMITTEE

TO: Members of the Bureau

FROM: Tad Cleveland

RE: Proceedings of the Wisconsin Rating Committee
Correction to Circular Letter 2969 – October 11, 2005
Codes 2812 and 5437

It has come to our attention that there was an error contained in the class code filing (NCCI Proposal Item B-1394) that was approved by the Rating Committee on September 13, 2005. Item Number 3878, which contained the erroneous language, was subsequently approved by the Office of the Commissioner of Insurance on September 22, 2005, effective November 1, 2005 for new and renewal business.

Specifically, code 2812 contained a phraseology which read “Floor Installation, Sanding or Scraping-Wood Floors.” While this was NCCI’s proposed language for code 5437, not code 2812, the Rating Committee chose to retain class code 2812 for the sanding of wood floors and code 5437 for the installation of wood floors. This decision is accurately reflected in Circular Letter 2967, dated September 20, 2005, the minutes of the Rating Committee meeting held on September 13, 2005.

A corrected filing removing “Installation” from code 2812 was approved by the Office of the Commissioner of Insurance in a letter dated August 7, 2007. Please amend all class code analogies for code 2812 to reflect the information contained above.
