RE: Experience Modification Calculation

The Wisconsin Compensation Rating Bureau is pleased to announce that another application has been added to our web site. After arriving at our homepage (www.wcrb.org), the new application, an Experience Modification Calculator, can be found under the Products and Services tab. Within this application, you will find an overview of how Experience Rating works, and be able to utilize the web-based program to estimate Wisconsin intrastate experience modifications and calculate "what if" scenarios by adjusting loss and payroll information.

This application is being provided as an additional service offered by WCRB and is intended as a tool for our member organizations.

If you have any questions regarding the use of this new feature, please contact us at:
